LIMIT 2 OF A VARIETY PER ORDER UNLESS OTHERWISE SPECIFIED.

We do not wholesale - however our Dec. ad in A.V.S. magazine offers many varieties at 50¢ each - these must be ordered before March 10th, since we made a special planting for this ad and we do not intend to carry them throughout the season. Also, they must be ordered separately - please do not mix them in with varieties chosen from this list, as they cannot be packed at the same time. Descriptions of the 50¢ varieties are on our 1960 basic and fall lists - if you desire either of these lists please send stamped and self addressed envelope for EACH list desired.

Orders will be filled in the rotation in which we receive them, shipping to start when weather is suitable in both your vicinity and ours - night temperatures should be up to mid-40's for safety. Usually we are able to start shipping about mid-April, although sometimes weather has delayed us until May. It takes a month to six weeks to "catch up" on the winter backlog of orders - after that orders are sent within a day or two of the time received.

Many multi-colors will revert - do not "come true" - we cannot guarantee things of this sort - or green edges. Leaves are always taken from plants which have bloomed true to description and that is the only guarantee that we, or any other grower, can honestly give you. For more about this please read "Why Won't They Come True", Dr. Reed, page 64, Dec. issue of A.V.S. magazine.

THIS LIST FOR MAIL ORDER CUSTOMERS ONLY.

THANK YOU.
